Autopolyploid establishment through polygenic adaptation

Arthur Zwaenepoel[*][1]

[1]Department of Biology, University of Antwerp, 2020 Antwerp, Belgium

Data availability

Individual-based simulations for the mixed-ploidy infinitesimal model were implemented in Julia (Bezanson et al., 2017). Documented code and simulation notebooks are available at `https://github.com/arzwa/InfGenetics`.

Funding

Conflict of interest

I have no conflict of interest to declare.
